

Cleaning Checklist

Deep Clean: A longer, thorough clean, designed to get on top of any build up. Recommended if the house has not been professionally cleaned in more than 6 weeks. Deep cleans may be booked as a one-off or as an initial clean before your recurring service. Please note, our team cannot move your furniture during a deep clean, please pull out any furniture before we arrive if you would like us to clean behind it.

Move In/Out Clean: A thorough clean of a house between occupants. The house must be vacant with all cupboards emptied for us to access all surfaces.

Recurring Clean: Weekly or fortnightly maintenance cleans to keep your home sparkling. The task list is similar to a deep clean, but it is much quicker as the home is being maintained frequently.

Optional Extras: Additional tasks that can be booked on a one-time or recurring basis.
